

Just as you use your car's GPS system to navigate your journey, use this GPS to plot your one-year trip in business and life. Transfer your ONE Thing for the year from you Long-Term Goals sheet, then list three priorities to reach that destination. Drive yourself further by writing out five strategies to achieve each priority. Congratulations, you just completed your yearly business plan.

My ONE Thing for the Year is ...

Priority #1 to achieve my ONE Thing for the year ...

i. Strategy #1 to achieve Priority #1

ii. Strategy #2 to achieve Priority #1

iii. Strategy #3 to achieve Priority #1

iv. Strategy #4 to achieve Priority #1

v. Strategy #5 to achieve Priority #1

Priority #2 to achieve my ONE Thing for the year ...

i. Strategy #1 to achieve Priority #2

ii. Strategy #2 to achieve Priority #2

iii. Strategy #3 to achieve Priority #2

iv. Strategy #4 to achieve Priority #2

v. Strategy #5 to achieve Priority #2

Priority #3 to achieve my ONE Thing for the year ...

i. Strategy #1 to achieve Priority #3

ii. Strategy #2 to achieve Priority #3

iii. Strategy #3 to achieve Priority #3

iv. Strategy #4 to achieve Priority #3

v. Strategy #5 to achieve Priority #3
